

## PIMA COMMUNITY COLLEGE TRANSFER PATHWAY

### ANIMAL SCIENCES B.S. ANIMAL INDUSTRY

The animal industry emphasis prepares students for a wide variety of careers in livestock production, agribusiness, and management. The business/production curriculum combines the core animal science courses—such as nutrition, anatomy and physiology—with a sampling of classes in agriculture economics, agriculture marketing, business management, communications, leadership, and personal development.

### TRANSFER EQUIVALENCIES

On the following page you will find course equivalencies for the **Animal Sciences: Animal Industry** emphasis. The information presented is a recommended outline of courses for students to take at Pima Community College that will transfer as equivalent courses to the University of Arizona. Please consult with a transfer admissions counselor and academic advisor to review specific courses as transfer pathways are subject to change.

The course equivalencies on the following page are from the AZTransfer course equivalency guide. The student's successful completion of each course will be reviewed in the pre-admission evaluation. Please note that all course work will be officially evaluated once your official transcript is processed by the University of Arizona. Students must receive a grade of a C or higher for a course to transfer.

Students in the animal industry emphasis will take classes such as *Principles of Livestock Health Management*, where they will become familiar with the diseases of horses, cattle, sheep, goats and pigs.
