

SELF-GUIDED WALKING TOUR

Welcome to campus! We invite you to learn more about the **College of Agriculture and Life Sciences** and life at the university as you follow this self-guided walking tour.

FORBES

Built in 1915, the Forbes Building is home to the **College of Agriculture and Life Sciences**. The dean's office, CALS advising, and the CALS Career Center are all housed within this building.

SAGUARO HALL

Home to the Collaboratory, an innovative learning space, Saguaro Hall houses our **Department of Agricultural Education, Technology and Innovation**.

MCCLELLAND PARK

"MacPark" houses our **Norton School of Family and Consumer Sciences**, as well as our **Department of Agricultural and Resource Economics**. It's also home to the Terry J. Lundgren Center for Retailing, and the Lang Laboratory for Family and Child Observational Research.

ENVIRONMENT AND NATURAL RESOURCES 2 (ENR2)

ENR2 is a part of the University of Arizona's commitment to promote interdisciplinary research and studies that focus on earth science, environmental programs and natural resources. The **School of Natural Resources** is housed within ENR2.

ANIMAL AND COMPARATIVE BIOMEDICAL SCIENCES (ACBS)

The **School of Animal and Comparative Biomedical Sciences** is home to the animal sciences, veterinary science, microbiology, and food safety majors. In Fall 2019, the building was reopened with updated laboratories, an advising center, and new gathering spaces.

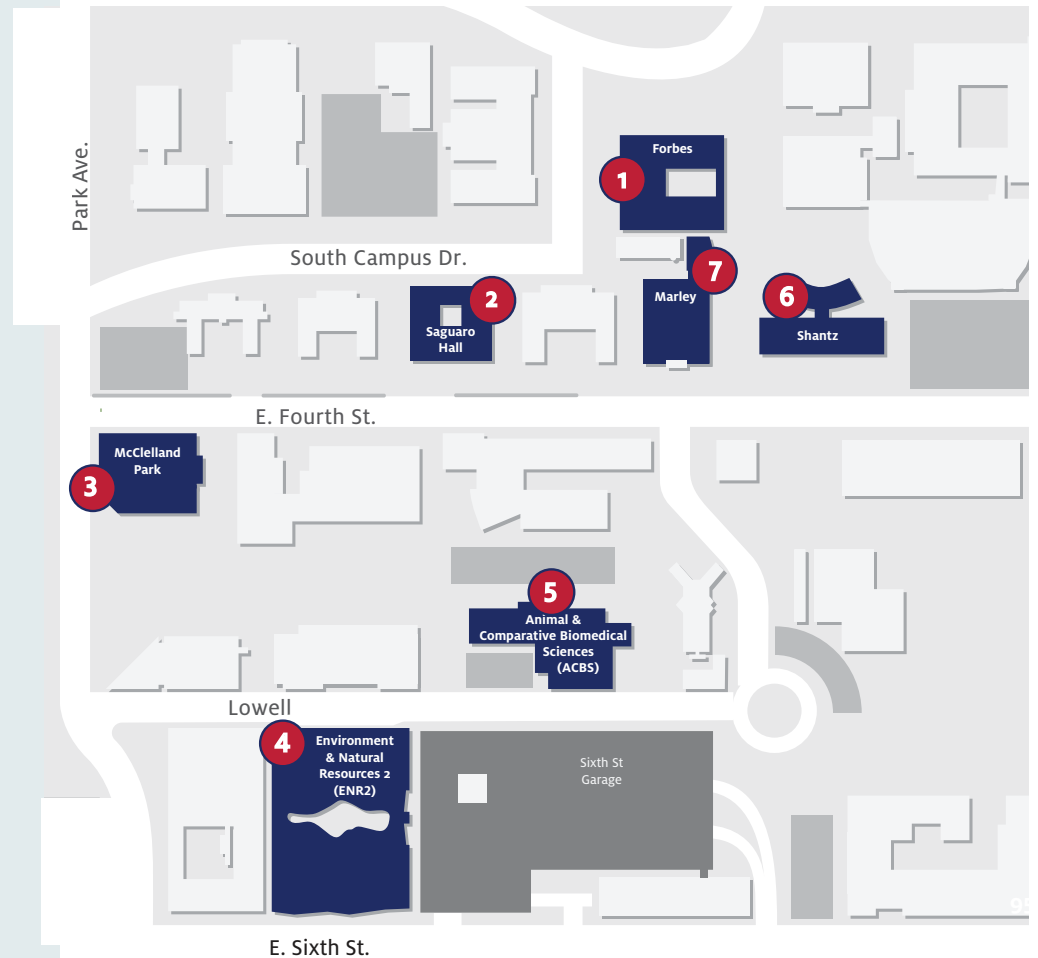

SHANTZ

Named after the university's 10th president, the Shantz building houses the **nutritional sciences, environmental science, and biosystems engineering** departments.

MARLEY

Home to the **School of Plant Sciences** and the **Department of Entomology**, this building is named in honor of the Marley family, whose successful agricultural business contributes to the growth of agricultural industries in Arizona.

THINGS TO DO IN TUCSON

Arizona-Sonora Desert Museum:

2021 N. Kinney Road

Mt. Lemmon: Catalina Highway
