

PIMA COMMUNITY COLLEGE TRANSFER PATHWAY

RETAILING & CONSUMER SCIENCE B.S.

Retailing and Consumer Science provides an interdisciplinary curriculum with a solid foundation in consumer behavior, management, merchandise buying and planning, marketing, branding and product development, human resources, operations, and digital retailing.

TRANSFER EQUIVALENCIES

On the following page you will find course equivalencies for **Retailing and Consumer Science**. The information presented is a recommended outline of courses for students to take at Pima Community College that will transfer as equivalent courses to the University of Arizona. Please consult with a transfer admissions counselor and academic advisor to review specific courses as transfer pathways are subject to change.

The course equivalencies on the following page are from the AZTransfer course equivalency guide. The student's successful completion of each course will be reviewed in the pre-admission evaluation. Please note that all course work will be officially evaluated once your official transcript is processed by the University of Arizona. Students must receive a grade of a C or higher for a course to transfer.

Students majoring in Retailing and Consumer Science will take classes such as *Fashion Consumers and the Economy*, *Retail Innovation and Entrepreneurship*, and *Retail Business Analysis and Decision Making* to prepare for management and leadership roles in the retail industry.
