

## PIMA COMMUNITY COLLEGE TRANSFER PATHWAY

### VETERINARY SCIENCE B.S.

Veterinary Science provides students with a solid foundation in modern and advanced biology with an applied focus on the health and welfare of animals. It is utilized by pre-vet and pre-med students as well as by students who plan to pursue graduate school or employment right after graduation.

There are two emphasis areas in Veterinary Science:

**Applied Animal Behavior** and **General Studies**.

### TRANSFER EQUIVALENCIES

On the following page you will find course equivalencies for **Veterinary Science**. The information presented is a recommended outline of courses for students to take at Pima Community College that will transfer as equivalent courses to the University of Arizona. Please consult with a transfer admissions counselor and academic advisor to review specific courses as transfer pathways are subject to change.

The course equivalencies on the following page are from the AZTransfer course equivalency guide. The student's successful completion of each course will be reviewed in the pre-admission evaluation. Please note that all course work will be officially evaluated once your official transcript is processed by the University of Arizona. Students must receive a grade of a C or higher for a course to transfer.

Students in this program experience the full scope of veterinary science from research to medical care, to understanding human and animal interdependences, to educating the public about caring for all species of animals.
